

There's A Light

Todd Smith

When the darkness fills my life
When my faith is running dry
When my heart is on the ground
I listen to the sound
Of the beauty in the night
Of creatin shining bright
The sun, the earth and the stars
It's who You are There's a light at the end of the troubles
There is hope for those who believe
There is peace that flows like a river
Jesus Christ has set us free
I was a doubting broken man
I put the whole in your hand
But I'm the one You have redeemed
You set me free There's a light at the end of the troubles
There is hope for those who believe
There is peace that flows like a river
Jesus Christ has set us free Free from the darkness
Free from the shame
Now that He found me
I won't be the same
He is the life the truth and the way
Our God saves
There's a light at the end of the troubles
There is hope for those who believe
There is peace that flows like a river
Jesus Christ has set us free
There's a light at the end of the troubles
There is hope for those who believe
There is peace that flows like a river
Jesus Christ has set us free
