

# Spiritus

## Jakarta

Heart is lost  
Like a lost little one  
I can't stop  
Thinking there's something I forgot!

Young one,  
there's a big sun,  
and my love  
shines on!

Hopelessness  
well it's over now  
Spiritus  
you're still with me somehow

Young one,  
there's a big sun,  
and my love  
shines on
