Dusk

Reuben

An eventful year that it was
And if i'm still here it's because
The stars have gone out
From behind your eyes
This pain is real
This wound is life size
And i can't believe it
You need to pull through
And i hope you make it
I'm waiting for you
So you are beginning to choke
Well how can you not see the joke
The sound of your voice
Still rings in my ears
It's tired and angry
And quiet all these years
This situation
It tears us apart
And we joke about it
We make jokes of ourselvesBut we know
But, but we know
But, but we know
