Fade

When Karma Was King

Please take me anywhere
Cause hereâ€™s not where I want to be
I fought this indecision but all along it was beating me
And I tried again, kept on trying again
For a life not meant for me

Chorus:
I wish I could fade into the background
And stand where no one could see
Stay inside for a moment
And signal my retreat

With so many questions, itâ€™s hard to redefine
Is it too hard or just too late
To come this far just to give it all away?

I know that there will come a day
Iâ€™ll have to find a brand new place to runaway
To runaway
