She Wants Me

Dru Hill

"she wants me" (4x)
still she wants me
see her out the corner of my eye
checkin there fly
in the bathroom made for two
she's lookin like a diva
tryin to achieve her
that girl is also love
if i could beat a rock to hold her down
maybe there's a diamond in our future
girl i wanna get witcha
[hook]i ain't got no plans if
you ain't got no plans
girl to the boy
boy to the plane
plane to the air
air to wherever
i'll drop them all
the girl is on fire
i'll make control
love ain't for hire
girl do you want
ive got lots of diamonds
she's beatin on the pole
girl i ain't lyin
[chorus]she will be the one i got
she want to forget about her man
she will be the one i got
gonna write a better hand if i can
she will be the lover

i know that i were wrong if you were wrong
but i'm burnin with desire
still she wants me
see her out the corner of my eye
checkin there fly
in the bathroom made for two
her and her girl friends
said it was a best friend

those who she know was a lie
others tellin me to come in
better tellin me to come in
red dress so fittin to tossin
i don't know when to begin
[hook][chorus] (2x)
"she wants me"
"the hotel and friends"
"they can't be a part of it"
"i've got no objections"
"i'd love to be a part of it"
"she's got more ideas but that's where we just parted"
[hook][chorus] (2x)
"she wants me"
"the hotel and friends"
"they can't be a part of it"
"i've got no objections"
"i'd love to be a part of it"
"she's got more ideas but that's where we just parted"
