My Will

dc Talk

I'm setting the stage for the things I love
And I'm now the man I once couldn't be
And nothing on earth could now ever move me
I now have the will and the strength a man needsIt's my will, I'm not moving
'Cause if it's Your will, then nothing can shake me
And it's my will to bow and praise You
I now have the will to praise my GodComplexity haunts me for I am two men
Entrenched in a battle that I'll never win
My discipline fails me, my knowledge it fools me
But You are my shelter, all the strength that I needIt's my will, I'm not moving
'Cause if it's Your will, then nothing can shake me
And it's my will to bow and praise You
I now have the will to praise my GodI'm learning to give up the rights to myself
The bits and the pieces I've gathered as wealth
Could never compare to the joy that You bring me
The peace that You show me is the strength that I needIt's my will, I'm not moving
'Cause if it's Your will, then nothing can shake me
And it's my will to bow and praise You
I now have the will to praise my GodWe've got to be children of peace
Don't you know we've got to be children of peaceAnd it's my will, I'm not moving
(We've got to be)
'Cause if it's Your will, then nothing can shake me
(Children of peace)And it's my will to bow and praise You
(Don't you know we've got to be)
I now have the will to praise my God
(Children of peace)And it's my will, I'm not moving
(We've got to be)
'Cause if it's Your will, then nothing can shake me
(Children of peace)And it's my will to bow and praise You
(Don't you know we've got to be)
I now have the will to praise my God
(Children of peace)It's Your will, it's Your will, na, na
It's Your will, it's Your will
It's Your will, it's Your will, na, na
It's Your will, it's Your willAnd it's my will, I'm not moving
(We've got to be)
'Cause if it's Your will, then nothing can shake me
(Children of peace)And it's my will to bow and praise You
(Don't you know we've got to be)

I now have the will to praise my God
(Children of peace)Don't you know, we've got to be children of peace
Don't you know, we've got to be children of peace
