

Tell Your Heart I Love You

Stevie Wonder

Oh, you lift me to the sky
When I'm flat on the ground
You put me on a high
When I'm all the way down And when trouble comes around
Trying to blow up the spot
You look it in the eye
And say, "I think not" Hey, tell your heart I love you
I love you, yes I do
Tell your heart you need to
You need to know it's true
Don't nobody in the world
Love you the way I do You make me feel like a trillion bucks
When I don't even have a dime
You put a smile on my face
In a time I could be crying And when negative comes around
With nothing good to say
You give it a stare
That makes it get the hell away Oh baby, now tell your heart I love you
I love you, yes I do
Tell your heart you need to
You need to know it's true
Don't nobody in the world
Love you the way I do, yeah Long before my mind believed
My heart could not help but conceive
That I love you, yeah
And when my hand did suggest
My heart had already confessed
That I love you, love you, love you, oh Tell your heart I love you
I love you, yes I do
Tell your heart you need to
You need to know it's true
Don't nobody in the world
Love you the way I do, yeah, ooh Oh baby, now tell your heart I love you
I love you, yes I do
Tell your heart you need to
You need to know it's true
Don't nobody in the world
Love you the way I do, yeah, ooh Oh baby, now tell your heart I love you
I love you, yes I do

Tell your heart you need to
You need to know it's true
Don't nobody in the world
Love you the way I do, yeah, oohOh baby, now tell your heart I love you
I love you, yes I do
