Loud Neighbor

2 Skinnee J's

Welcome everybody to our humble abode
Like Ford to Orenthal, let's get the show on the road
So turn down your lights and turn up your speakers
Everybody dance around 'cuz we're all social creaturesKnock, knock, who is it? We're being paid a visit
From notable nobles with visions of white picket fences
Foreign cars and platinum expenses
Bangin' on the door with a list of our offensesYou can knock three times on the ceiling if you wanna
Or put four kicks on the floor but I'll be honest
We ain't turnin' down 'til the sun comes up
The sound gets sucked through pipes and ductsSo rise and shine, hear the party line
Keep it on 'til the dawn and watch the night decline
The band becomes a crowd, the crowd becomes a rally
The people fill the streets and it seeps into the alleyIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We came to rock, rock the decibels
Rock, rock the decibelsJ. Guevara moves the people like it ain't no thing
From the duke of earl to the sultan of swing
I get loyalty like I was royalty
All your plots and schemes have been foiledSee I got lines and quotes, the rhymes I wrote
Should be printed in Bartlett's and now it's time to start this
But first, all the heartless must show some compassion
Barriers need breakin', walls need some smashin'Like Navratilova, Beethoven rolled over
Now we got the floor and it's milk like Korova
Does your body good and your mind even better
From the crew that blew the panties off your auntie when we met herIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We came to rock, rock the decibels
Rock, rock the decibelsAttention, this court is in session
Repeat the last question, repeat the last question

The one before, which one? Who got the diction
To blow up like nuclear fission? We do in additionWe're on a mission, we circulate like a petition
Convert you like religion to our position
In opposition to submission so focus your vision
If you're wishin' for a clearer transmissionPledge allegiance to your leaders
Dream regime divas devastating beat bequeathers
We bring your legions into freedom
Render to Caesar, what is Caesar's, then leading sheep from feedersInto stereo receivers, spread like Baba Ghanoush
Direct from the electorate this ain't no push
We're overloading meters, stirring sleepers from their beds
'Cuz we lead the people's party like Eugene V. DebbsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We break you out of your shell
We came to rock, rock the decibelsIt ain't loud enough for all of us
We came to rock, rock the decibels
Rock, rock the decibels
