

# Let It Go

Melissa O'Neil

Tonight I'm reaching out to you  
Cause I can feel the pain you're going through  
As if I feel you from miles away  
And everything around you's turned to gray  
Don't you wonder  
Where your colors have gone  
Take a look outside  
Come on[Chorus]  
Take what's bringing you down  
Let it go, let it go, let it go  
Who's hurting you now  
Let it go, let it go, let it go  
Don't take it down with you  
Cause you don't really have a clue  
Let it go, let it go, let it go There's a place that I go running to  
A space inside of me, inside of you  
It's where I feel I'm not alone  
And everybody stumbles, don't you know  
You're a wonder  
You're a miracle, you see  
It's no mystery to me  
Come on[Chorus] Look around you  
It's amazing  
Everything you see  
Every morning that you wake  
There is no such thing as an ordinary day Let it go, let it go, let it go  
Take what's bring you down  
Let it go, let it go, let it go  
Who's hurting you now  
Let it go, let it go, let it go  
Don't take it down with you  
Cause you don't even have a clue  
Let it go, let it go, let it go Let it go, let it go, let it go
