Sun Child

Emog

Sun child, you're a sun child
Awoken by the spirit of the day
Will I grow wild, speakin' so mild?
Forgot about the engine in the rainDon't let it bring you down
For us that ain't the way
We'll keep our lives reserved
For those who have to pray
But I can't praySun child, you're a sun child
Awoken by the spirit of the day
Will I grow wild, speakin' so mild?
Forgot about the engine in the rainDon't let it bring you down
For us that ain't the way
We'll keep our lives reserved
For those who have to pray
But I can't pray
