## Tyrone Wells

Sometimes I get so tired,  
Just trying to find a place,  
To lay my head,  
I look up to the sky,  
I feel the warmest light comfort me,  
I've seen the great heights,  
Reminding me... that I'm alive,  
I don't wanna die,  
I don't wanna waste another day,  
Or night,  
I know there's something more,  
Than what we're living for,  
I see it in the stars,  
I feel it on the shores,  
I know there's something,  
I know there's something more.  
I think we're all afraid,  
That we might be alone,  
Alone down here,  
We all want to have some faith,  
At least that's true in my case,  
To just believe,  
I've seen the great height,  
Reminding me... that I'm alive,  
I don't wanna die,  
I don't wanna waste another day,  
Or night,  
I know there's something more,  
Than what we're living for,  
I see it in the stars,  
I feel it on the shore,  
I know there's something,  
This world may crumble,  
Into the ocean,  
It could all end tonight,  
I undermined you,  
Then tried to find you,  
My only source of light,  
There breathing,

I am alive,  
Breathing,  
I am,  
Alive,  
I don't wanna die,  
I don't wanna waste another day or night,  
I know there's something more,  
Than what we're living for,  
I see it in the stars,  
I feel it on the shore,  
I know that I'm alive,  
I don't wanna die,  
I don't wanna waste another day,  
Or night,  
I know there's something more,  
Than what we're living for,  
I see it in the stars,  
I feel it on the shore,  
I know there's something more.
