

You Fool No One (Interpolating Itchy Fingers)

Whitesnake

You fool no one, waiting to see if I'm gone
So hard to see, you are taking your chances with me
If I find you with the other man, you know what I'm gonna do
You better run if you see me comin'

Soon you will fall, making mistakes like before
When you tell me lies, I can see by the look in your eyes
If you think you're gonna take me for granted
Chasin' round with all you see, I'm gonna make you live to regret it

You fool no one, waiting to see if I'm gone
So clear to see, you've had all your chances with me
You thought that you could take me for granted
But I couldn't take it no more, better run when you see me comin'
