The Bird And The Bee

Do you know who I am
I'm alive you understand, the life, the life, the life
Check your head I heard a sound
Make certain no ones around
The sound, the sound, the sound
Do you know where your from
Turn around your crumbs are gone around, around, around
Are you lost, are you not there, are you shut down
Are you prepared, shut down, shut down, shut down
Are you prepared for the atom bomb, are you prepared for my aching arms
Are you prepared, are you prepared
Are you prepared for serenity, are you prepared to disagree
Are you prepared, are you prepared for me
Do you know who I am
I'm alive you understand, the life, the life, the life
