The Broken

Fireball Ministry

The Prophet of Pain gave warning
The punishment due
Take heed of the early warning
In time it was seen as trueFour winds calling to Zamora
Four winds of defeat
For winds to the ghost of Yara
For winds of deceitBow down to the thief of all man
The will to be tame
Bow down to the thief of all men
Only one time, only one to blameI lead the life unchosen
Gave the lesson to the broken
I heard the words unspoken
Gave the lesson to the broken
I lead the life unchosen
Gave the lesson to the broken
I heard the words unspoken
Gave the lesson to the brokenThe beast in the skies had risen
In time it would come
The lands had begun their schism
All bow to the fallen oneFour winds calling to Zamora
Four winds of defeat
For winds to the ghost of Yara
For winds of deceitBow down to the thief of all man
The will to be tame
Bow down to the thief of all men
Only one time, only one to blameI lead the life unchosen
Gave the lesson to the broken
I heard the words unspoken
Gave the lesson to the broken
I lead the life unchosen
Gave the lesson to the broken
I heard the words unspoken
Gave the lesson to the broken
