Down In Flames

Blue Stahli

-VERSE 1-
Shame
Wear the pity and the blame
Basking in the glow
A lovely crown of thornsCliche
Overdramatic display
An unwelcome show
Of steady undertow-CHORUS-
You'll make 'em watch while you go down in flames
Self-inflicted pretty little martyr
If forcing empathy
Is as clever as you can be
We'll gladly watch while you go down in flames
Burn baby burn-VERSE 2-
Vain
You're the Abel and the Cain
No coincidence
you crave an audienceStray
Committed to the decay
Fake mercy pose
And on and on it goes-CHORUS-
You'll make 'em watch while you go down in flames
Self-inflicted pretty little martyr
If forcing empathy
Is as clever as you can be
We'll gladly watch while you go down in flames
Burn baby burn
