

Down In Flames

Blue Stahli

-VERSE 1-

Shame

Wear the pity and the blame

Basking in the glow

A lovely crown of thornsCliche

Overdramatic display

An unwelcome show

Of steady undertow-CHORUS-

You'll make 'em watch while you go down in flames

Self-inflicted pretty little martyr

If forcing empathy

Is as clever as you can be

We'll gladly watch while you go down in flames

Burn baby burn-VERSE 2-

Vain

You're the Abel and the Cain

No coincidence

you crave an audienceStray

Committed to the decay

Fake mercy pose

And on and on it goes-CHORUS-

You'll make 'em watch while you go down in flames

Self-inflicted pretty little martyr

If forcing empathy

Is as clever as you can be

We'll gladly watch while you go down in flames

Burn baby burn
