Time 4 That

Social Club Misfits

I'm at the movies with Dino and Woosh
And, uh, there's this really really cute girl
And I, uh, want to go ask her on a date
But I'm scared, I'm scared to get shut down
So I ask Dino wh-
Man what do I do?
And he says go up and tell her
What's the worst she's gonna do, say no?
I'm like, you're right
So I take a deep breath, I walk over
I say "hey you shouldn't just be in movie theaters
You should be in movies with that pretty face
Can I take you out for dinner sometime?"
She looked at me and said
"Get out of my face
Or I will scream very loudly"
I thought the worst she could do is say no
That would've actually been betterI don't see me without you
Girl you're late on a midnight
Don't know what I did right
Last thing that I'll ever do
Too wrong Imma do right
Just give me the green light
Oh, it's time for that (time for that, time for that)
It's time for that (time for that, time for that)I gave you my heart
I gave you my life
I gave you my time
For you I'll sacrifice
Although sometimes it seems like I ask for it all day
Too far gone but your grace is amazing your peace sent me far back
In line in time it's the new season
Christy jeans tied with some new Yeezy's
Swoop they boys from the club this is too easy
'Cause the flow's never forced like it's too weezy
Life's a trip, flying first class
Classic never fall for the first trap
I could tell if you real of the first dab
'Cause I read in between the lines from the first chapter
FernI don't see me without you

Girl you're late on a midnight
Don't know what I did right
Last thing that I'll ever do
Too wrong I'ma do right
Just give me the green light
Oh, it's time for that (time for that, time for that)
It's time for that (time for that, time for that)Before I proposed my ex hit me up
Like "where you been, Do you miss me?
Do you think about us or miss life with me?"
Told her "not in a million years will we ever, ever, ever, ever get back together
Don't try to call me
Warning, my girl knows karate"
I think she might a secret agent
But still loves God and smells amazing
Got that Jim and Pam love
Feels like Luther Vandross
A million kisses
Is it too much?
I know I found the way when I don't recycle
Don't call my phone
Come by my home
My Dad's Corleone
I know that It's wrong to say all of these things
But when you're in love it all makes senseI don't see me without you
Girl you're late on a midnight
Don't know what I did right
Last thing that I'll ever do
Too wrong I'ma do right
Just give me the green light
Oh, it's time for that (time for that, time for that)
It's time for that (time for that, time for that)
