

# Came Up

## Boogie

[Hook]

Remember back when I was broke and I was staying at my girl pad  
Yeah, now I done came up  
I used to have to keep my clothes up in the corner in a trash bag  
Yeah, now I done came up  
Now I done been up on the road, but ain't forgot about a bus pass  
Yeah, now I done came up  
That's why it's fuck what niggas say, remember days when it was dumb bad  
Yeah, now I done came up

[Verse 1]

Man, I been waiting for my girl to get her taxes all month  
Got a little plan to get the bread and boss up  
Why the fuck you on the land if you ain't even call us?  
How the fuck is you the man if you don't even fall once  
Awe fuck, I need to smoke, you irritated when I'm sober  
If she don't know my tape then I'm gon' tell her that it's over  
You know that she get with it, she no limit for a soldier  
And if she throw it back like she the quarterback for Nola  
Man this shit a breeze, I ain't letting niggas hit the Hennesy  
I don't fuck with bitches if they puffing on that nicotine  
Yeah, your face looking for the sympathy (no)  
I'm face booking with the memories

[Hook]

Remember back when I was broke and I was staying at my girl pad  
Yeah, now I done came up  
I used to have to keep my clothes up in the corner in a trash bag  
Yeah, now I done came up  
Now I done been up on the road, but ain't forgot about a bus pass  
Yeah, now I done came up  
That's why it's fuck what niggas say, remember days when it was dumb bad  
Yeah, now I done came up

[Verse 2]  
I need that egg sandwich for the win when I wake up  
Think it's cause I keep dropping all these, now my weight up  
She ain't talking bringing through a friend then I hang up  
Hope you ain't damaging your skin from they pay cuts  
Wait up, wait up

All my life, I rode this shorty, asking God to give me worldly possessions  
All my life I been the problem, wreck the party just to show you I'm extra  
We ain't got no features so I hit her with that mask on

You ain't even hit yet cause you ain't got no backbone  
Homie got a celly, he can't even hit back home  
Ain't even got apps on, that's because that's his trap phone  
Back up on the shit that got me popping in my land  
You keep it in the hood, that ten dollars for a gram  
Like how you gon' extend when you ain't even got a plan  
Awe God damn, somebody, get your man cause...[Hook]  
Remember back when I was broke and I was staying at my girl pad  
Yeah, now I done came up  
I used to have to keep my clothes up in the corner in a trash bag  
Yeah, now I done came up  
Now I done been up on the road, but ain't forgot about a bus pass  
Yeah, now I done came up  
That's why it's fuck what niggas say, remember days when it was dumb bad  
Yeah, now I done came up
