

# Tell It

## Zz Top

Yeah I gotta find out what's in my mind?  
I'm a little mixed up but it feels so fine  
Why does love have to come and go?  
If it's got to leave why does it go so slow? Just tell it  
Tell it like it is  
Tell it  
Tell it like it feels  
Tell it to me, baby I have a feelin' that I'm goin' insane  
I've fallen in love but can't remember her name  
She prob'ly stepped out and she's comin' back again  
But if I don't know her how can I let her in? Just tell it  
Tell it like it is  
Tell it  
Tell it like it feels  
Tell it to me, baby Fine  
So  
Fine Huu  
Ahh How could this ever have happened this way?  
Well, sometimes love turns out that way  
Sometimes it's cold and sometimes it's hot  
But it's better to have it than to need it and not Just tell it  
Tell it like it is  
Tell it  
Tell it like it feels, baby  
Tell it to me, baby Huu  
Yeah yeah  
Ohh  
Ohh  
Ahh
