And every once in your life.
And every once in your life.
I'm your b-b-b-b-b-bass.
I'm-m-m your bass.
I'm-m your b-b-bass.
I'm-m-m your bass
I'm your bass creator.

The moment I saw ya I was in a trance.
And the feeling inside was more then i could bear.
Baby its not right there's no promised land.
Guess the meter is on and i'm already there.
Yeah.
Yeah.
Yeah.
Yeah.
And every once in your life.
(In your life)
And every once in your life.
(In your life)
And every once in your life.
(In your life)
You'll feel one true moment.
Whoa!
So baby open your eyes and feel it.
(Feel it)

And every once in your life.
You'll feel it's coming over.
Whoa!
So baby open your eyes and feel it.
(Feel it)
I'm your bass creator!

And every once in your life.
You'll feel one true moment.
Whoa!
So baby open your eyes
And feel it.
Feel it.
And every once in your life.
You'll feel it's coming over
Whoa!
So baby open your eyes
And feel it
Feel it
