

# If You Don't Love Me

## Martini Garden

You can tell me anything  
You can tell me anything  
I believe you  
You know it too  
Share the truth with lies  
Set aside one flies  
Will you realizeIf you don't love me  
You don't love me  
I will know  
If you don't love me  
You don't love meYou can ask me anything  
You can ask me anything  
I will do itYou know it too  
Nothing that I'll do  
If you want me to  
But it's all so trueIf you don't love me  
You don't love me  
I will know  
If you don't love me  
You don't love me  
I'll know
