

# Hey Pretty Face

## The Garlics

She said, she said

Hey, I'm super star  
I like when it snows on my credit card  
Hey, I'm super star  
What about you

Hey, I don't wanna learn  
All of the bridges I like to burn  
Hey, I'm super star  
What about you

Oh, your money's gonna get you fame  
But everybody knows you got no game

Hey, hey  
What you gotta say  
No way  
You're never gonna stay  
Hey, hey  
You're just a pretty face

Hey, hey  
What you gotta say  
Hey babe  
You know you're all the same  
Hey, hey  
You're just a pretty face

She said, she said

You know I can't be tamed  
But that's cool cause I don't have no shame  
Hey, I'm super tramped  
What about you?

Hey, look at what I do  
I might be a bitch, but I got some moves  
Hey, I'm superstar

What about you?

Oh, your money's gonna get you fame  
But everybody knows you got no game

Hey, hey  
What you gotta say  
No way  
You're never gonna stay  
Hey, hey  
You're just a pretty face

Hey, hey  
What you gotta say  
Hey babe  
You know you're all the same  
Hey, hey  
You're just a pretty face

No matter how you put on that makeup  
You never hide so show your true colors  
I know your game, you don't fool a player

Put on your pretty face  
Put on your pretty face

Hey, hey  
What you gotta say  
No way  
You're never gonna stay  
Hey, hey  
You're just a pretty face

Hey, hey  
What you gotta say  
Hey babe  
You know you're all the same  
Hey, hey  
You're just a pretty face

It's a story 'bout a girl named what?  
It's a story 'bout a girl named...
