Chris and T
(Fabulous)
Asia Cruise what it do baby?
I remember when just seeing you
Would have me tremblin
Never knew my gizmo
It turned into a grimalin
I should have "Let You Go"
Like Keyshia Cole and Lil Kim
But then, i thought we worked it out
Somehow we in the gym again
I used to buy you nice shoes
Keep you lookin femine
Now a days i just want to give yo
Ass to Timberland (Timberland?)
Yea da boot, i mean yea ya cute
But i drop them fast like a diver with no
Parachute Baby
(Asia Verse 1)
You and I, toe to toe, eye to eye go figure
Finding out our loves a lie
How could you point the finger?
You tellin me to calm down my emotions are in it
(and I)
Im so offended cause you played me for the fool
Think and thin, rain or shine
I had your best intrest
Even in the hard times we had hugs and kisses
Now somewhere along the lines you started acting diffrent
I never seen it commin how could i predict it?
(Chorus)
I couldnt change it cause i didnt notice
couldnt make it better if you didnt show it
you used to talk to me but now you just ingnore it
ignoring is not the thing to do so lets
rewind
take me back to the exact point where i went wrong
lets rewind

what did i do that was so bad to make you move on
lets rewind
take me back to the exact point where i went wrong
lets rewind,
rewind
put all this behind and just rewind
(Asia Verse 2)
packing up and moving out its hard for me to see it
Instead of shaping up your shipping
I should have knewn it
I thought that we had history
Damn i feel so stupid
what am i to do with all the pain i feel inside?
back and forth im asking why the relationship has ended
(please dont walk away) cause im not finished

im looking for some answers
how could you reach the limit?
I never seen it comming how could i predict it?
(Chorus)
I couldnt change it cause i didnt notice
couldnt make it better if you didnt show it
you used to talk to me but now you just ingnore it
ignoring is not the thing to do so lets
rewind
take me back to the exact point where i went wrong
lets rewind
what did i do that was so bad to make you move on
lets rewind
take me back to the exact point where i went wrong
lets rewind,
rewind
put all this behind and just rewind
(Asia Verse 3)
Wait aminute
Lets press pause for a second
why you actin so reckless, disrespectin?
Oh Your acting like i expected for us to fall out of love
(fall our of love)
no relationship skips
lets go back to the begining
3 minutes up now were closer to the ending
lets put this in reverse
gotta make it work
lets put the past behind

its time to press rewind
(Fabulous 4)
I said wait up wait up
bring it back come rewind
lets just take it to the time
i think it was summertime
when i walked up from behind
and then here comes the line:
"What's your name? What's your sign?"
and you got your giggle on
you said: "Boy you need to stop. You got that from a Biggie Song!"
So i always loved Big Poppa he aint stare a nigga wrong.
Showrty what the biz
baby what it does
i can see what it is
i just want what it was
(Asia)
lets
rewind
take me back to the exact point where i went wrong
lets rewind
what did i do that was so bad to make you move on
lets rewind
take me back to the exact point where i went wrong
lets rewind,
rewind
put all this behind and just rewind
mmm mmm mmm ohhh ahh ahh rewind
