

# If You Should Go (Feat. Susana)

Armin van Buuren

A troubled mind, in search of a bright neon bay  
I swim to shore  
The only route to take is perfection itself  
The stars lead the way As waves make oceans complete  
Fate is the shell of my beat  
O, how I feel all that I need  
Under my thoughts under my fears Little things I know they're real  
They make my soul complete  
Little things and all they bring  
Are fragments bitter sweet Little things not everything  
'Cause glitter is no goal  
Simple things are all I need  
A friend to guide to hold If you should go  
(Go now) I find myself alone with no center no home  
But I won't close my eyes  
The thing I love the most, I'm letting you go  
But I won't give up hope
