

# Blue Mountains

Jenn Grant

From the mountains  
I heard you call  
So I went running to collect them all  
The gifts you showed me,  
All your best parts  
When I got there all I saw was Blue Mountains  
For the heart of me  
And a highway where  
You must be driving since  
You last saw me  
Over my heart, over these hills you'll go  
Over my heart, over these hills you'll go  
If you're running for the hills  
why don't you  
Find a place for us  
To dance slow  
By the light I'll say I love you  
We'll be hanging there right under  
Blue Mountains  
For the heart of me  
And a highway where you must be driving  
Since you last saw me  
Over my heart, over these hills you'll go  
Over my heart, over these hills you'll go
