Fire Away

Jupiter One

Is anybody here okay?
Lookin' for a simple answer
Show me that you want to stay
I can make it really happen

Lookin' like you're stayin? awake
Wish it wasn't such a bright day
Is anybody here okay?
I can make it really happen

Fire away! Fire away!
People around you, they are only afraid
Cause you can blow ?em far far away

So you're fine, I'm okay
Think of the problem, In a
Three-story maze
You?ll never ever see them again

Lookin' at you through the sun
Wish it wasn't such a bright day
Is everybody here okay?
I can make it really happen

Fire away! Fire away!
People around you, they are only afraid
Cause you can blow ?em far far away

So you're fine, I'm okay
Think of the problem, In a
Three story maze
Never ever see them again
Again and again, and again and again and again
Is anybody here okay?
Is anybody here okay?
Is anybody here okay?

In my youth, I had stories to tell
Were they truth?
You'll never know if it's a lie

When I look up at the sky,
I see you (I see you), I see you

So fire away! Fire away!
People around you, they are only afraid
Cause you can blow ?em far far away!

So you're fine, I'm okay
Think of the problem, In a
Three-story maze
Never ever see them again
