

The Headless Boy

The Amazing

See a headless boy
Make that run for feelings he had
And changed it all the time
And loved those lies that he were a kid It's time here to see
All the choices already made
And dreams made us love
I was 19 when we were more
Still I go back
Sometimes Oh, now that's all you have
Tomorrow's set in those summer days
Lose again and get so lost in
And those are dreams that never came back
Oh, and I wait
All the friends you'd never see again
I go to that place
We were lovers and maybe more
Still I go back
Sometimes Oh, oh
Gone, most of that love
It's gone away like sink, sink, sink
And thinking of those things
And I know they miss that headless boy It's time here to see
All the choices already made
And dreams made us love
I was 19 when we were more
Still I go back
Sometimes
Oh, and I wait
All the friends you'd never see again
I go to that place
We were lovers and maybe more
Still I go back
Sometimes
