

Sin Sin Sin

[Robbie Williams](#)

Don't let your eyes tell the brain
You should feel ashamed
Everyone needs it baby
And I feel the same Didn't quite catch your name
Hush, hush, hush, don't say a thing
Let's see what the night will bring
It might be everything Oh, it hurts
When you're too blind to see
Please don't read my mind
I tell the truth to me Sin sin sin, look where we've been
And where we are tonight
Hate the sin not the sinner
I'm just after a glimmer of love and light deep inside Hush hush hush, to speak is a sin
And neither of us need rescuing
Just relax, it's what Jesus would do
We're made in His image baby, let's ride this thing through Oh, it hurts
When you're too blind to see
What about us?
Well, it was just for me Sin sin sin, look where we've been
And where we are tonight
Hate the sin not the sinner
I'm just after a glimmer of love and light deep inside I won't sing of amore
It don't sound sincere
Love is a cliché
But if it's not here, I'll disappear Sin sin sin, look where we've been
And where we are tonight
Hate the sin not the sinner
I'm just after a glimmer of love and light deep inside, deep inside It's love, clean sex, joy, I love you
You love my, hate how it it feels inside my
Feels inside, feels inside
