Come With Me (deadmeat)

Steve Aoki

I dare you to come along with me
Let's take a walk among the stars
Leaving this world behind as we're drifting
Go to a place we can feel aliveSo if youre down, come with me
I'll bring you up, youll be happy youre here tonight,
If you're down come with, come with, come with me,
So if youre down, come with me
I'll bring you up, youll be happy youre here tonight,
If you're down come with, come with, come with meAway from the city lights, well float across the sky
Come with me, come with me, come with me,
When I get lost in your eyes, constellations are aligned
Come with me, come with me, come with meI dare you to come along with me,
Let's take a walk among the stars,
Feel the time, slow down are you ready
Go to a place we can feel aliveSo if youre down, come with me
I'll bring you up, youll be happy youre here tonight,
If you're down come with, come with, come with me,
So if youre down, come with me
I'll bring you up, youll be happy youre here tonight,
If you're down come with, come with, come with meAway from the city lights, well float across the sky
Come with me, come with me, come with me,
When I get lost in your eyes, constellations are aligned
Come with me come with me come with meAway from the city lights, well float across the sky
Come with me, come with me, come with me
