

Heart to Serve (feat. Ray Vaughn Charles Jr.)

Princeton Marcellis

love
I ain't got it somebody told me about it
all I know is pain do you know I shout it
if so why do you doubt it
I've seen hurt and slaughter
and can you help my irrigation there's mud in my water
I don't even know my father
I'm sore from civil war
shed tears need love I been sleeping on the floor
my family so poor
my heart is so poor
my hope is on the ropes right now I need more
I been tryna hug it forward
but it ain't all sweet
the shoes on my feet are worn down can u take the heat
I'm flying through the turbulence to land on my dreams
I done lost everything but my body so it seems
I'd rather die like a man, than live like a coward
I am hoping in a team some hope in happy hour
I heard about some beautiful feet that brings power
I need a couple servants to help me upon this surface and my purpose screaming

(hook)
and I...
I just wanna help make change in lives
empower communities one day at a time
maybe I, found a space
in my heart, to make a better place
I just wanna heal the world we live in
and save it for our children
with a...
a heart to serve
so that i can fight another day
a heart to serve
light will shine in this dark place
with a heart to serve
true hope is not far away
heart to serve

impact the whole human race

(verse 2)

Dear love can you heal me from my past now?
got emotional tattoos can't laugh now
look--I'm that voice up in Cyprus without a voice
look--I'm the mother in Malaysia without a choice
I know you making noise, bottle schools in Guatemala
Dream courts in America now I'm a baller
ain't gotta be a scholar
to know my faith is broken
poverty stricken areas it seems fate has spoken
are you're arms open? are you desensitized?
you got a heart to serve? can you swallow your pride?
education insufficient I need art supplies
in Thailand but in Hungary we still hungry
I know life ain't a playground but battlefield
sometimes i get scarred but I know that I will heal
through the love and the peace and relief that you bring
I can see brighter days through the storm and the rain

a smile is the same language in all languages. No matter where you're from no matter where you've been no matter where you're going, you can always smile; you can always help the next person. Do you have a heart to serve? Smile :)
