Morphine

Mail letters papers and packages
Delivered by carrier, train and planes
Sent and delivered through post
Regardless of sunshine or rainsCarriers delivered to home in person
Letters, packages and paper
They may have some fun
And arrive a little laterTrucks outdoor boxes and farms
To assigned destination
There is no alarm
No accurate devastationPlanes United States from Canada to Mexico
Destination as stated
Fuel gas from Texaco
Scheduled as notedTrain to outer stations
Where mail bags deploy
The crew is allowed rations
Nothing is destroyedMail letters papers packages
Delivered by carrier train and plane
Sent and delivered through post
Regardless of sunshine or rainsCarriers delivered to home in person
Letters packages and paper
They may have some fun
And arrive a little later
