Travelling Long

Adam Cousens

Well ye-eah, Iâ€™ve been a travellinâ€™ long,
Through sleepless cities singinâ€™ my song,
Through countless countrysides, writing the words,
Hypnotic train trips speakinâ€™ in verse
And Iâ€™ve seen things that only people have dreamt,
And there isnâ€™t any more dreams that are yet to be stepped,
Living ten lives in the space that is one,
Without regrets till Iâ€™m doneâ€¦

CHORUS:
But if there were one, thing, that I could take back.
It will be you, and all that you are,
And if there were one moment that I could relive,
it would be in your arms yeah just dancing with you,

Well I have sung in the palacesâ€™ of time,
Spoke in the courtyards, stories of rhyme,
Danced under the moon in a fire starred blaze,
Baffled musicians with coins up their sleeves,
And Iâ€™ve calmed a conqueror with Jewels in their crown,
Wooed princesses and banished their frowns,
And Iâ€™m livinâ€™ ten lives in the space that is one,
Without regrets till Iâ€™m done,

CHORUS:
But if there were one, thing, that I could take back,
It will be you, and all that you are yeaheyea,
And if there were one moment that I could relive,
It would be in your arms yeheyeah just dancing with you ,

And Iâ€™ve seen chandeliers change into spiders,
They strung down beside me and called me a liar,
My mind has been thrown into space and the starts,
My gums have bled, my stomach has starved,
Iâ€™ve begged with a beggar, Iâ€™ve cried with a king,
Iâ€™ve covered my mouth, and learnt how to sing,
And Iâ€™m livinâ€™ ten lives in the space that is one,
Without regrets till Iâ€™m done,

CHORUS:

But if there were one, thing, that I could take back,
It will be you, and all that you are yeaheyea,
And if there were one moment that I could relive,
It would be in your arms yeheyeah just dancing with you.

Well Iâ€™ve prayed in a bar and Iâ€™ve drunk in a church,
Iâ€™ve scanned the Bible, frantic in search,
Iâ€™ve sung to the lord from a stage on a hill,
Been washed down a river, Iâ€™ve seen people killed,
I fought with a priest, I stole from a theif,
Made peace with a soldier and I kissed the chief,
And Iâ€™m livinâ€™ ten lives in the space that is one,
Without regrets till Iâ€™m done,

CHORUS: (fingerpicking)
But if there were one, thing, that I could take back,
It will be you, and all that you are yeaheyea,
And if there were one moment that I could relive,
It would be in your arms yeahe-yeah just dancing with you.
Just lyin with you, just tryin with you, just tryin with you, Na na na na
La da da da di, ba ba ba na na na
