Carpathia

The Vision Bleak

I'm gonna leave the same way I came
Up from the ashes then I'm from the
Ashes
If our house it stood here on this wood
foundation
Then you, you could've fooled me I admit I was a fool for
Your southern days
(One-hundred and fifty degrees in the shade)
It wasn't an option to come back to my place
(No I was put in my place)
You, we lived in separate
houses we had for all our lives
It would've been nice to say
(It would've been nice to say)
It would've been nice to say
I knew you
when oh when will this
sinking feeling
Feel like "man that was ages ago"
CARPATHIA
I dont worry half as much as I Did
When I was an experiment
Your resident tourniquet
life's how about your left waiting, just waiting
I am the mantel and your a painting
come rest your frame on me
(Come rest your frame on me)
I was a tower and you were an airplane
We happened before we knew

what was happening
we lived in separate
houses we had for all our lives
It would've been nice to say
(It would've been nice to say)
It would've been nice to say
when oh when will this
sinking feeling
Feel like "man that was ages ago"

when oh when will this
sinking feeling
Feel like "man that was ages ago"
"Man that was ages ago"
"Man that was ages ago"
"Man that was ages ago"
"Man that was ages ago"
We lived inside each other
such careless lazy lovers
Would've been nice to say
Sure would've been nice to say
when oh when will this
sinking feeling
Feel like "man that was ages ago"
when oh when will this
sinking feeling
Feel like "man that was ages ago"
"Man that was ages ago"
"Man that was ages ago"
"Man that was ages ago"
"Man that was ages ago"
