

# Push the Fader

## Girls Against Boys

You push the fader I'm tired  
You push the fader I'm weak  
You push the fader, push the fader  
It's the only way to be You breath it in, drink it it  
You breath it in, drink it it  
You got ten more minutes  
So push the fader, push the fader, get it right 'Cause you still owe me  
Yeah, you still owe me  
Yeah, yeah, you still owe me 'Cause it can get so faded  
Like it's fading from me  
So push the fader, push the fader  
No you can't lose me You bass the nation on fire  
It's the only way to see  
You got nine more minutes  
So push the fader, push the fader, get it right 'Cause you still owe me  
Yeah, you still owe me  
Yeah, yeah, you still owe me  
Yeah, yeah, you still owe me Bass the nation  
Fade on and on  
Bass the nation  
Fade on and on Bass the nation  
Fade on and on  
Bass the nation  
Fade on and get it right 'Cause you still owe me  
Yeah, you still owe me  
Yeah, yeah, yeah, you still owe me  
Yeah, yeah, you still owe me  
Yeah, you still owe me
