

Good Occasions

Marble Sounds

[Verse 1]

Drunk and sore for so many days

But what's to regret?

I've had my way

We could have met but i was too shy

The first thing i said was a soft goodbye[Chorus]

I count on countless good occasions

To be quick and to the point

To perceive the situation

But a constant hesitation

Has been turning me around

Here is hope you can still take it[Verse 2]

Whispering, you are never seen

You're slipping out

Escaping scenes

Keep it real and kick my dreams

Important deals, once agreed[Chorus][Bridge]

(Instrumental)[Verse 3]

It takes a while to value time

I'll take a break

Arrive too late

If i fall behind, it is you i'll find

In a lovely house

In a lovely town
