Heavenly

Norma Jean

I didn't think you were but now I know you are
A sunshine of my world my bright and morning star
You changed me in the twinkling of an eye to what I am
A girl who's life you filled with love as if a heaven's plannedYou're so heavenly heavenly being loved by you makes
this world heaven to me
I hear church bells ring I hear angels sing
When you're with me cause you're so heavenlyI didn't thing I'd do but now I know I can
Forget the loneliness that I'd knew and be a happy woman
Heaven blessed me with your love and made my life complete
The world is better place to live when true love is so sweet
You're so heavenly heavenly...
Being loved by you is so heavenly
