

Same Ol'

The Heavy

Advisory - the following lyrics contain explicit language:

I believe
If a man could fly
I'd be just like a bird
Tryin' to escape from your lies
And the truth
Would never die
It would be just like I remembered
When you
Swallowed my pride
When you were talking that
Same ol'
And kept making that
Same ol'
And keep working that
Same ol'
Ol'
Fool out of me
All that Same ol'
Everyday it's that
Same ol'
You keep making the same ol'
Ol'
Fool out of me
But you know that I can sleep
I don't know just how you do it
Must be counting more than sheep
And it's time
For you and me
To leave this fairy tale we fucked
'Cos we, both need to breathe
And I know it's not enough
But your love is like a drug
I know it's not enough
But your love is like a drug
I know it's not enough
But your love is like a drug

Your love is like
Like a
But you just keep talking that Same ol'
And keep working that
Same ol'
And keep making that
Same ol'
O!
Fool out of me
All that Same ol'
You keep working that
Same ol'
You keep making the same ol'
O!
Fool out of me But you just keep talking that Same ol'
And keep working that
Same ol'
And keep making that
Same ol'
O!
Fool out of me
All that Same ol'
Everyday it's that
Same ol'
You keep making the same ol'
O!
Fool out of me
