Clair de Lune

David Garrett

If I would know you, would you know me,
If I would know you, would you know me,
If I would know you, would you know me,
If I would know you, would you know meDon't go, tell me that the lights won't change,
Tell me that you'll feel the same, and we'll stay here forever,
Don't go, tell me that the lights won't change,
Tell me that it'll stay the same,
Where we go, where we,
Where we go, where we go,
Where we go, where we go, where we go.[Repeat x4]
Where we go, where we,
Where we go, where we,
Where we go, where we,
Where we go, where we goDon't go, tell me that the lights won't change,
Tell me that you'll feel the same, and we'll stay here forever,
Don't go, tell me that the lights won't change,
Tell me that it'll stay the same,
Where we go, where we,
Where we go, where we go,
Where we go, where we go, where we go.If I would know you, would you know me,
If I would know you, would you know me,
If I would know you, would you know me,
If I would know you, would you know meDon't go, tell me that the lights won't change,
Tell me that we'll stay the same,
Where we go, where we,
Where we go, where we go,
Where we go, where we go, where we go.
