Small World

Good Old War

I've been wasting my time, waiting in the lines
If I wait any longer, I might lose my mind
I keep wondering why, I keep wondering why I stay
I just put on a smile, put on a smile, I'm miles awayI know a place where we can go
It's not impossible, for us to be alone
It's in a hidden place they can't be found
There's no one else around
In this small mall world
Now my heart won't start cause it's missing some parts
They say, its what you do that makes you who you are
But bottle it up inside, bottle it up, hide it away
I just put on a smile, put on a smile, I'm miles awayI know a place where we can go
It's not impossible, for us to be alone
It's in a hidden place they can't be found
There's no one else around
In this small mall worldThere are shooting stars flying over our car
I play your favorite songs on this old guitar
We don't have to sleep, and it's just you and
It's just you and me
I know a place where we can go
It's not impossible, for us to be alone
It's in a hidden place they can't be found
There's no one else around
In this small mall world
