

# Keep Me Forever Falling

Carmen Rasmusen

It's every little girl's dream to be swept off her feet  
And find someone who will always make her smile  
Well, you've got that part now, you know I'm falling now  
And I never ever want it to end So, keep me forever falling, tell me you'll love me always  
And each day of my life on, will I have the best?  
'Cos you'll never settle for anything less  
Just keep me forever falling for you And with every flower you bring  
And every sweet song you sing  
Every 'I love you' in every note you leave  
With every soft word you sing and every kiss on my face  
I'll close my eyes and have all I'll ever need To keep me forever falling, tell me you'll love me always  
And each day of my life on, will I have the best?  
'Cos you'll never settle for anything less  
Just keep me forever falling for you Till we're old and we're gray  
Promise me everyday That you'll keep me forever falling  
Tell me you'll love me always  
And each day of my life on, will I have the best?  
'Cos you'll never settle for anything less  
And just keep me forever falling for you Keep me forever falling  
Keep me forever falling for you
