

Growing Up

The Frights

I'm breaking down
I had it all
I taught myself how to walk
And now I can barely crawl I kiss her lips
We fade to black
Mistake I've made are the reasons
We're never going back What we once had was funny
We fucked it up
All these ideas are running out
We're growing up The endless nights
The boring days
The times I let you believe that
I was here to stay Do all the drugs
Take all the pills
The times we're alone are upon us
And that's what really kills What we once had was funny
We fucked it up
All these ideas are running out
We're growing up Forget the days
We used to dance
I know it's wrong but I'm thinking
That I should take a chance Let's go to bed
Take off your clothes
We found the cure but the problem
Is nobody else knows What we once had was funny
We fucked it up
All these ideas are running out
We're growing up
