Alex

Teen Suicide

Alex is the best
When she wants to die
The whole world sits and waits
'Til she doesn't want to die
We're both only sixteen
Skipping class to smoke weed
In her brother's house
We saw it on TVAnd the light comes through the window
And make shines
Off the stem of her brother's crackpipeAlex is my friend
We meet up after school
Her brother knows a guy
Who can sell me lots of pills
Lying on her back
She says she wants to die
Then she buys a gram of coke
And she doesn't want to die
Summer storm makes for a blackened sky
I wonder where Alex is tonight
