Dreamstate Emergency

Mnemic

I have not slept for many days
Yet I have dreamt of the unseen
Now I have found this place in myself
I have dreamt of no controlAnd then I will see what the hate, it can take
I will stand up to see what I really can be
I'll cry if I need to but I'll proceed to
A state of hate and to be a superior meI have dreamt of this for so long
I feel my inner self will grow strongAnd so I will break down, I'm blind to your ideas
I don't want to be, I can't stand the pain
And then I will see what the hate it can take
I will stand up to see what I really can beI have dreamt of this for so long
I feel my inner self will grow strong
If I can only be what they want
I'm me, exploding into historyI dream of leaving this
Kill this and never come back
Never fuckin' returnI dream of me, kill this, my dream
I dream of me, kill this, my dream
I dream of me, kill this, my dream
I dream, I dream of meI have not slept for many days
Yet I have dreamt of the unseen
Now I have found this place in myself
I have dreamt of no controlAnd then I will see what the hate it can take
I will stand up to see what I really can be
I'll cry if I need to but I'll proceed to
A state of hate and to be a vision of meI have dreamt of this for so long
I feel my inner self will grow strong
If I can only be what they want
I'm me, exploding into history
