This Must Be the Place (Naive Melody)

Talking Heads

Home is where I want to be Pick me up and turn me around I feel numb, burn with a weak heart Guess I must be having funThe less we say about it the better Make it up as we go along Feet on the ground, head in the sky It's okay, I know nothing's wrong, nothing I got plenty of time You got light in your eyes And you're standing here beside me I love the passing of time Never for money, always for love Cover up and say goodnight, say goodnightHome, is where I want to be But I guess I'm already there I come home, she lifted up her wings I guess that this must be the placeI can't tell one from the other I find you, or you find me? There was a time before we were born

There was a time before we were born

If someone asks, this is where I'll be, where I'll beWe drift in and out

Sing into my mouth

Out of all those kinds of people
You got a face with a viewI'm just an animal looking for a home
And share the same space for a minute or two
And you love me till my heart stops
Love me till I'm deadEyes that light up
Eyes look through you
Cover up the blank spots
Hit me on the head
