Like Me

Lloyd

(chorus)
you can look at my life,
and see what i see,
but you can never,
you can never do it like me,
you can never,
you can never do it like me,
like me.(verse 1)(Lloyd)
Been a workaholic,
since my mama birth me,
since i was a shawty,
runnin' round in the nursery,
never knew my father,
so i grew up early,
learn to handle business
like a n**** in his thirty's.Now the money ain't a problem,
livin' like we moppin',
came up out the boulevard,
that's why we go hard,
cuz once upon a time we were at the bottom (bottom),
and man i really hated being on the bottom,up, up in that third wall (third wall),
I would write songs (write songs),
about the day when I could turn the lights on,
never thought I'd see the day,when I could perform,
in front of these crowds,look at me now,
that's why i say.(chorus)
You can look at my life,
and see what i see,
but you can never,
You can never do it like me,
you can never,
you can never do it like me,
like me.you can look at my life,
and see what i see,
but you can never,
you can never do it like me,
you can never,
you can never do it like me,
like me.Like me (like me) (noooooooohhh),

Never do it like me,(No) you can never do it like me (like me) (nooooooohhh)(oh oh oh oh oh)(verse 2)(Lloyd)
Hustling' is hard work,
Gotta really want it,
dedicated my life tryin' to get it,
Oh stay true to yourself don't front it,
Never talked about it,
if I live it,
And I'm calling the shots now,
I'm the boss man
got the whole wideworld in my hand,
I'm at the top now,
and i did it my way,
told them haters hit the highway,said I remember the days
I would write songs (write songs),
about the day when I could turn the lights on,
never thought I'd see the day,
when I could perform in front of these crowds,
look at me now, that's why i say(chorus)
you can look at my life,
and see what i see,
but you can never,
you can never do it like me,
you can never,
you can never do it like me,
like me.you can look at my life,
and see what i see,
but you can never,
you can never do it like me,
you can never,
you can never do it like me,
like me.(Bun B)
