## Lions Among Us

Verse  
There's a battle inside my head  
Between the man I am and the man I need to be  
I don't think I can handle this alone  
I need someone to set me free  
Chorus  
There is hope there is light in this world  
I just need to get this one point straight  
Though I stumble in the darkness  
I refuse to be kept down today  
So stand up for this life your living  
You just need to get this one point straight  
You're not worthless. Your life has meaning  
Come with me we'll live just for today  
Verse  
You're not worthless  
So here's your chance to make things right  
To trade your hate for love on the inside  
Chorus  
Breakdown  
Chorus
