America

Santana

This is America
P.O.D and Santana live in La Casa
Live and direct for you and yours
Yo America, America
Was it the way that she looked at me, she had caught my eye
She stole my heart she freed my mind
The way we loved it was magical, truly wonderful
It was me and you're so beautiful
And I know that you feel this too
Will our dreams come true, I believe in you
Show me the way to my better days
What's the price to pay if I follow you
America, America
Will you come back to me baby, please don't run away, don't let me go
America, America
Can you get back to me, baby, please don't run away, I need you so
I trust in you still you walk away, you just ran away
I thought our love would never change
The way you move had me hypnotized, now I realize
I fell again the same old lies
Plans you change the present rearranged
If we don't know the path the future we can't attain
So I maintain, dealt my hands so I deal with it
Know what is truth myself, I stay real with it
America, America
Will you come back to me baby, please don't run away, don't let me go
America, America
Can you get back to me, baby, please don't run away, I need you so
America, America
Will you come back to me baby, please don't run away, don't let me go
America, America
Can you get back to me, baby, please don't run away, I need you so
America, America
Will you come back to me baby, please don't run away, don't let me go
America, America
Can you get back to me, baby, please don't run away, I need you so
America
