Slow Down

Reel Big Fish

Slow down, you got to slow down
And take it easy
Slow down, you got to slow down
And take it easy, oh yeah
Well you've been racing around
And your blood's flowing fast
And your heart starts to pound
Yeah you've been shaking the trees
But no answers fall out just birds nests and leaves
You told that son of a bitch to get out of this place
Or you'd punch in his face
You threw the telephone down when the
Bad news came and then it stuck around
You've got to make it stop
Find a way to make that pressure drop, so
Slow down, you got to slow down
And take it easy
Slow down, you got to slow down
And take it easy, oh yeah
There will be times in your life
When the roof falls in and the bed bugs bite
Those sweet dreams you heard about
Well you slept right through them, what's that about?
'Cause of that snake in the grass
Well you never had such a pain in the ass
Yeah, you tried speaking your mind
But they got you convinced that its empty inside
You've got to make it stop
Find a way to make that pressure drop, so
Slow down, you got to slow down

And take it easy
Slow down, you got to slow down
And take it easy, oh yeah
You've got to make it stop
Find a way to make that pressure drop, so
Slow down, you got to slow down
And take it easy
Slow down, you got to slow down

And take it easy, so
Slow down, you got to slow down
And take it easy
Slow down, you got to slow down
And take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
Take it easy, oh yeah
