

Still I Long For Your Kiss

[Lucinda Williams](#)

I know that I shouldn't but I want you so bad
I know it couldn't be but I want what we had
I know our love is gone
And I can't bring it back Still I long for your kiss
Still I long for your kiss I know it's over cause you told me so
I tried to leave but I can't let you go
I can't believe
You don't want me no more Still I long for your kiss
Still I long for your kiss The days go by but they don't seem the same
I cry and cry and I call out your name
I go downtown I see your face
Nobody around can take your place But you put me down
But you turned me away Still I long for your kiss
Still I long for your kiss The days go by but they don't seem the same
I cry and cry and I call out your name
I go downtown I see your face
Nobody around can take your place But you put me down
Then you turned me away Still I long for your kiss
Still I long for your kiss
Still I long for your kiss
