

What's In Goodbye

Will Young

What's in goodbye?
An empty world without a heart
Saddens me each time I hear it
Keepin' us apartWhat's in goodbye?
How cruel and so insensitive
Maddens me each time I hear it
How unkind it is, oh it isStuck in a cloud full of cold weather
Somewhere in time
Countin' the tears as I remember
Drownin' in sunshineWhat's in goodbye?
A place so vast and insincere
Saddens me each time I hear it
Yea, yea, yea, yea
Ooh, ooh, ooh
Daa daa daa, daa daa daa daaStuck in a cloud full of cold weather
Somewhere in time
Countin' the tears as I remember
Drownin' in sunshineCountin' the tears
The tears that I cried
As you walked away
As you said goodbyeGoodbye
